Chapter 1 Summary:

In the opening chapter of "Nexus," we meet Kris, a young man who has spent his life feeling isolated and disconnected, living at a monastery and raised by two dragon monks, Zak and Darius, after the death of his mother, a dragon herself. The chapter delves into Kris's unique upbringing, revealing how the physical and emotional distance from the monks has led him to crave touch yet fear it. His experiences are marked by the striking dragon tattoo given to him by his mother, which remains vivid against his skin.

As he transitions into adulthood, Kris grapples with intense feelings of desire, heightened by the sexual energy he senses in his surroundings, especially as he watches Zak and Darius's secret relationship. A pivotal moment occurs when Kris inadvertently spies on the two men in the bathhouse, witnessing an intimate act that ignites feelings of envy and longing within him. Despite his isolation, he learns from Darius that dragons experience love and physical connection differently, hinting at the complexities of his own impending destiny.

Kris eventually concludes his training and leaves the monastery, stepping into a world filled with possibilities. A year later, while traveling in Singapore, he encounters a group led by Erika, a woman who seems familiar from his dreams. Their conversation about a jungle temple, rumored to awaken dragons, captivates him. He senses a meaningful connection to this

place, as it is tied to his training and his destiny.

As Kris guides the group through the jungle, he navigates the brashness of the Westerners, finding both excitement and frustration in their unabashed expressions of sexuality—contrasting sharply with the restraint he learned at the monastery. An encounter with Hallie, one of the group members, brings tension and attraction to the forefront. Their flirty banter and near-connection hint at Kris's longing for intimacy, a desire he's struggled with throughout his youth.

The chapter concludes with a heavy sense of anticipation as Kris assures Hallie that they are all bound to encounter their destinies in the coming days, setting the stage for the unfolding journey that combines themes of isolation, desire, the search for connection, and the intersection of destiny and personal growth. Kris's quest not only seeks the discovery of the temple but also a deeper understanding of himself and the energy that fuels his existence as a part-dragon, part-human individual.

Chapter 3:

In Chapter Three of "Nexus" by Ophelia Bell, Kris is caught in a whirlwind of conflicting emotions and responsibilities as he witnesses a ritual among dragons and their human mates. All around him, the dragons, including Issa, glow with the Nirvana they draw from their human companions during the ritual, an intense bonding process meant to combat dwindling dragon fertility. Yet, Kris is acutely aware of the pressure mounting within him, fueled by an unquenchable desire that complicates his role as an observer.

Kris's primary task is to monitor the awakening of the dragons, witnessing each phase of the ritual and reporting to his teachers and the Council afterward. However, his concentration falters when Issa joins him, stirring feelings that overshadow his duty. Despite moments spent with human women, he finds himself inexplicably drawn to Issa, who captivates him in a way the others do not. This complicates things further when he sees the dragon twins marking another—a twist in the ritual he finds disconcerting yet feels powerless to prevent.
